

Process for One Time Password (OTP) based login

- 1 Go to URL www.indiabondinfo.nsd.com and select the Entity Type from homepage.

- 2 Enter User ID, Password and Business Partner (BP ID) allotted by NSDL.

- 3 Select Login Type as One Time Password (OTP) and click on Login.

- 4 Once user click on Login, a new window to enter OTP will get displayed.

- 5 Enter the OTP received through SMS on registered Mobile Number/registered Email ID.

- 6 OTP is valid for a day, User may use the same OTP for each login attempts during the day or may regenerate new OTP.

- 7 Upon authentication of User login details and OTP, access to the Centralised Database for Bonds/Debentures shall be granted.

- A valid Mobile Number and Email ID have to be registered/updated with NSDL to access Centralised Database for Bonds/Debentures through OTP based login.
- Whenever the user changes the Mobile Number or email ID, User has to intimate changes to NSDL.
- Users are advised that the emails and SMS from NSDL may be included in the '**safe list**' or '**white list**' to prevent the communications from NSDL from being blocked or rejected or sent to Spam folder.
- Users are advised not to share their User ID, password and One Time Password (OTP) with others to prevent un-authorized access.
